

DIRECTOR'S MESSAGE

Greetings from the Director's desk to all our students, faculty, staff and all stakeholders. The year 2023 commenced with a spurt of activities at the college aimed at enhancing the academic and professional performance of the students. Our mission to incorporate relevance in technical education was fructified through initiatives and collaborations with industries and partnerships with neighbouring reputed universities to conduct training programmes, undertake consultancy projects and signing MoU for mutual R&D benefits. Experts from reputed institutes and organizations including government organisations under the MSME-DFO, Jaipur, brought fresh insights into various fields of learning and to promote entrepreneurship. The various expert talks, training programs and workshops were focused on relevant areas in various domains.

Along with focus on academic and professional growth, we have been making efforts in imbuing in our students value-based education to produce a generation that is well informed and ethically-motivated.

We look forward to the feedback of our stakeholders and suggestions as partners for providing enriching and improved experiences to our students to take on new challenges.

Dr. Narendra Singh Rathore

GITS NEWSTRACK

ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

To achieve excellence in technical and management education through quality teaching and innovation.

MISSION

To provide an excellent learning environment to produce socially responsible and productive technical professionals.

To set up the state-of-the-art facilities for quality education and innovation.
To impart knowledge & Skills leading to shaping a budding manager as a quality executive.

To encourage for life-long learning and team-based problem solving through learning environment.
