

GEETANJALI INSTITUTE OF TECHNICAL STUDIES

Department of Mechanical engineering

Date: 1/2/25

One day Industrial Visit on PV Plant Design & Installation

Department of Mechanical ,Electrical engineering students embarked on a Valuable industrial visit to India One Solar Power Plant and Modern Insulators in Abu Road,coordinated by Dr. Vishnu Agarwal ,Dr. C. P Jain & Dr. Prerna .The Visit provided practical insights into solar power generation and insulator manufacturing. Students gained hands –on experience with parabolic solar reflectors and insulator production,enhancing their understanding of renewable energy and electrical transmission systems.
