

Date : 28/9/24

### **Departmental Industrial Visit**

**Date of Visit:** 28/9/24

**Organized By:**

Under the expert guidance of our Director Sir, the \*Department of Mechanical Engineering\* successfully organized an industrial visit to \*MSME\* and \*Super Rollforming\* Udaipur.

**The primary objective was to equip our students with the essential skills and knowledge required to thrive in today's competitive industrial landscape.**

**Objective of the Visit:**

The primary objective was to equip our students with the essential skills and knowledge required to thrive in today's competitive industrial landscape.

**About the Industrial Visit**

During the visit, our mechanical engineering students gained valuable insights into VMC, CNC, simulators, robotics and IoT sensors. The first hand exposure to these technologies provided a tangible understanding of their applications in real-world manufacturing processes.

In addition, the students also had the opportunity to explore Super Roll forming, a company specializing in machine fabrication. This visit further broadened their understanding of the manufacturing industry and its various facets

**Student Learning Outcomes:**

During visit Students had the opportunity to explore Super Roll forming, a company specializing in machine fabrication. This visit further broadened their understanding of the manufacturing industry and its various facets

**Acknowledgments:**

The visit was coordinated by Mr. Zuber and Mr Mukesh.

The class advisors, Ms. Surbhi, Mr. Abhishek and Ms. Deepti also ensured a smooth cooperation in executing this industrial visit.

## Glimpses of the Industrial Visit
