

Report of Poster Competition

Title: Poster Competition Theme (Software Engg.)

Category: Offline Mode

Date: 29th November, 2024 (10:00AM-12:00 Noon)

No. of Resource Persons: 1

No. of Participants: 220

Organizers: Student Club CSE

Event Coordinator: Ms Monika Bhatt Guruji, Dr Kanika Garg, Dr Ruchi Vyas

Resource Person: N/A

Mode: Offline Mode

Objective: To encourage creativity and innovation among participants by showcasing their understanding of software engineering concepts through visually appealing and informative posters. The competition aims to promote awareness of the field's significance and its role in solving real-world problems.

Poster:

Inaugural Session:

In inaugural session following were present.

1. Campus Director Dr N.S. Rathore
2. Finance Controller Mr BL Jangir
3. HOD CSE Dr Mayank Patel
4. HOD ME, HOD EE, Principal GCSC
5. Students of CSE Department.

The programme inaugural started with lamp lighting ceremony forwarded by the welcome address by Dr Mayank Patel, HOD CSE by welcoming all the cherished dignitary and participants. Dr N.S. Rathore, Campus Director GITS, addressed the gathering and shared his thoughts about the importance and role of software engineering subject in Computer Science and Engineering branch. "Work done with honesty always leads to success. Work hard, keep your expectations low, and complete your tasks with quality and efficiency." He further explained that coordination in life and habits develop from the environment we live in, hence it is essential to adopt good habits and make them a part of life.

Programme Brief:

A captivating Poster Competition on the theme "Software Engineering" was organized, attracting widespread participation from 220 enthusiastic individuals. The event showcased 52 creative and thought-provoking posters, each highlighting key concepts, innovative solutions, and the transformative role of software engineering in modern technology. Participants, ranging from students to young professionals, worked individually or in teams to design visually appealing and informative posters that demonstrated their understanding of software development, testing, project management, and emerging technologies. The competition provided a platform to exchange ideas, foster collaboration, and celebrate creativity while emphasizing the importance of software engineering in addressing real-world challenges. Topics included "Causes and Protection Against Financial Fraud," "Air Quality Monitoring System," "Cancer Detection through Software," and "Algorithms for Heart Failure."

Winners of the event:

First: Fraud Detection System Team

Second: E Shiksha Team

Third: Lung Cancer Detection System Team

Valedictory Session:

Dr Mayank Patel, HOD CSE, summarized the event Poster Competition and appreciated students for their enthusiasm and participation. The program was ended with vote of thanks by Dr Ruchi Vyas to Guest, Director Dr N.S. Rathore Sir , Finance Controller Mr. B.L. Jangir and they all gave prizes to winning students who secured first,second and third position.

Outcome: Participants demonstrated their knowledge of software engineering principles and practices, creatively presenting ideas and solutions. The competition fostered a deeper understanding of the subject, enhanced visual communication skills, and inspired innovative thinking among the participants.
