

Department of Civil Engineering
Geetanjali Institute of Technical Studies, Udaipur

VALUE ADDED TRAINING ON “STAAD CONNECT PROFICIENCY TRAINING PROGRAM”

Name of the event/activity: Value Added Training on “STAAD Connect Proficiency Training Program”

Academic session: 2024-25

Basic details of the event:

Date & Time: January 16th, 2025 to 23rd, 2025

Place: CAD Lab, Civil Engineering Department

Organized by: Department of Civil Engineering

Participants: 3rd and 4th Year Students

Objectives of the program:

To develop participants' proficiency in using STAAD Connect software for efficient structural analysis and design of building projects.

Importance of the Program:

This training enhances technical skills in a widely-used structural engineering tool, enabling accurate modelling, analysis, and optimization of structures, thereby improving project quality and efficiency

Photographs of the activity/event:

Vision of Department

Create an academic ambience to develop civil engineering professionals with technical competencies to meet society and industry needs.

Mission of Department

1. To inculcate among students with fundamentals of basic sciences & engineering required for civil engineering.
2. To impart and empower the quality education required for development of the society and industry.
3. To provide state-of-the-art resources that contributes to ethical & congenial learning environment.

**Department of Civil Engineering
Geetanjali Institute of Technical Studies, Udaipur**

Expert name and details:

1. Mr. Rushikesh Mugutkar (Structure Design Engineer, CESA, Pune)
2. Mr. Ram (Structure Design Engineer, CESA, Pune)

Outcome of the program

1. Gain hands-on expertise in STAAD Connect for structural modelling and analysis.
2. Learn to perform comprehensive design checks according to relevant codes.
3. Improve accuracy and speed in structural project delivery through software proficiency.

News Coverage: Not yet

Submitted by:

1. Dr. Sangeeta Choudhary (Associate Prof.) & Mr. Aiwant Chandaliya (Asst. Prof.)
2. Mr. Gaurav Sharma & Mr. Rajanikant Suthar (Asst. Prof.)
