DIRECTOR'S MESSAGE

Greetings from GITS, Udaipur!

Great beginning of new academic year 2025-26 with 1st year newly admitted young and energetic brains.

With the arrival of the new students embarking on their academic journey the month of August witnessed a myriad of activities including expert lectures, industry visits, social-awareness campaigns, community-welfare initiatives, sports competitions, and Ideathons. These enriching sessions provided students with opportunities to expand their knowledge, identify their innate talents and enhance their personalities. They not only strengthened academic learning but also cultivated leadership, teamwork, communication skills and creative problem-solving abilities. The exposure to real-world experiences through industry interactions and community service bridged the gap between classroom learning and practical application, making education more impactful and meaningful. Students will experience this in upcoming learning days.

Together, these initiatives fostered holistic growth and all-round development, preparing students to meet the challenges of the corporate world with confidence.

I instruct both students and faculty members to maintain this momentum and actively engage in every opportunity that contributes to creating a vibrant, dynamic and enriching educational environment at GITS. Let us continue to move forward with passion, commitment and the shared vision of excellence.

Warm regards,

Director, GITS
