

GITS NEWSTRACK

ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

DIRECTOR'S MESSAGE

Greetings from GITS, Udaipur!

January marks a month of renewed energy, reflection, and purposeful beginnings. As we step into the new year 2026, I am pleased to share that Geetanjali Institute of Technical Studies continues to progress with commitment, excellence, and a strong sense of purpose.

The month of January witnessed a wide spectrum of academic, cultural, technical, and co-curricular activities across departments. From expert talks, faculty development programs, and value-added training initiatives to the Innovation, Design and Entrepreneurship (IDE) Bootcamp, focused on fostering innovation-driven thinking, design mindset, and entrepreneurial skills, along with competitions and student achievements at state and national levels, the enthusiasm and dedication of our students and faculty have been truly commendable.

Celebrations of National Youth Day, Basant Panchami, and other cultural events reminded us of the importance of values, knowledge, creativity, and discipline in shaping responsible citizens. Our students' remarkable performances in hackathons, sports, research, and innovation platforms reflect the institute's focus on holistic development and experiential learning.

I sincerely appreciate the efforts of all departments, faculty members, staff, students, alumni, and industry partners for their continuous support and active participation. Let us move forward with the same spirit of collaboration, innovation, and excellence to achieve greater milestones in the coming months.

I wish everyone a successful, productive, and inspiring year ahead.

Warm regards,

Director, GITS

Dr. S. M. Prasanna Kumar
