ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

DIRECTOR'S MESSAGE

Dear Students, Faculty, and Staff,

It gives me immense pleasure to present the July 2026 edition of the GITS Newsletter, highlighting our continued efforts towards academic excellence, innovation, research, industry exposure, and professional development.

The month witnessed several enriching initiatives, including value-added training in Embedded C and Electrical Software, industrial visits to Pyrotech Electronics, a Blockchain - focused hackathon workshop and activities promoting entrepreneurship and start-ups. These programmes provided students with valuable hands-on experience, industry exposure and emerging technology skills.

The R&D Orientation Session further strengthened awareness about research ethics, publications, patents, and funding opportunities, encouraging students to pursue research and innovation. I am also pleased to acknowledge the recognition and professional contributions of our faculty members in the fields of research and emerging technologies.

I sincerely appreciate the dedicated efforts of our faculty, staff, and students in making these initiatives successful. I encourage our students to actively embrace such opportunities, develop a spirit of innovation and continuous learning and strive for excellence in their academic and professional journeys.

With best wishes for continued success and growth.
